

▶ CABLE JUNCTION BOX PI-T10

▶ Technical data: _____

External cable diameter	max. \varnothing 7 mm
Conductor cross-section	max. 0,75 mm ²
Number of conductors	10 pairs
Ingress protection	IP40D
Dimensions	104x60x29 mm
Weight	~64 g

▶ Product description: _____

- Destined to be used in telecommunication systems.
- 10 pairs of terminal blocks.
- A conductor (a cable) can run from the bottom of the box (through special openings).
- Allows for crossing and connecting conductors.
- Housing made of plastic.
