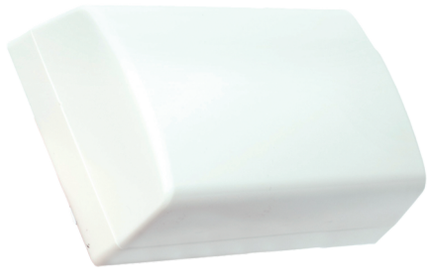
CABLE JUNCTION BOX

PI-W6



Techmical data:

External cable diameter	max. ø 7 mm
Conductor cross-section	max. 2,5 mm^2
Number of conductors	7 pairs (one pair as anti-sabotage set)
Ingress protection	IP40D
Dimensions	104x60x29 mm
Weight	~67 g

Product description:

- Destined to be used in burglar alarm systems.
- 6 pairs of terminal blocks.
- In the seventh pair of blocks one of the blocks was replaced with an anti-sabotage set.
- A conductor (a cable) can run from the bottom of the box (through special openings).
- Allows for crossing and connecting conductors.
- Housing made of plastic.
